### Figures

Height: Architectural	139.8 m / 459 ft
Height: Occupied	131.3 m / 431 ft
Height: To Tip	140.6 m / 461 ft
Floors Above Ground	35
# of Elevators	8

### Facts

Official Name	Larvotto Towers 1, 2
Name of Complex	Larvotto
Structure Type	Building
Status	Completed
Country	China
City	Hong Kong
Street Address & Map	<a href="#">8 Ap Lei Chau Praya Road, Aberdeen</a>
Building Function	residential
Structural Material	concrete
Proposed	1999
Construction Start	2005
Completion	2011

### Companies Involved

Owner/Developer	Cheerjoy Development Limited; Kerry Properties Ltd; Paliburg Development Consultants; <a href="#">Sun Hung Kai Properties Limited</a>
Architect	<a href="#">Ronald Lu &amp; Partners</a>
Structural Engineer	<a href="#">Siu Yin-Wai &amp; Associates</a>
MEP Engineer	<a href="#">Meinhardt</a>
Project Manager	Cheerjoy Development Limited
Main Contractor	Chun Fai Construction Company Limited
Other Consultant	<a href="#">YKK AP FACADE PTE LTD</a>
Material Supplier	<a href="#">Permasteelisa Group</a>

### About Larvotto Towers 1, 2

Located on the south of Hong Kong Island, the site looks out over Aberdeen South typhoon shelter, Aberdeen Marina Club and Ocean Park. The site called for the design of a contemporary expression of lifestyle that allows for city living by the water. It takes advantage of the site's unobstructed waterfront and creates a special sense of exclusivity. To harmonize with the waterfront and the hill ridge, the nine towers are arranged in a waved form of three clusters. Five-story-high sky gardens in each cluster add volumetric interest to the overall form as well as enhancing the visual permeability of the dense massing.

With a low-E double glazed curtain wall system, which is extended to the sheltered balconies, the whole interior space of each unit is filled with natural light. The intended set back of podium at street level creates a lifted avenue where the tower entrances are located. This is shaded by a row of trees which, together with the podium garden and landscaped lawn, provide greenery and water features for the residents.
